

Bid Management

Bringing clarity and success to your bids

Are you looking to increase your bid management capability?

Do you want to improve your chances of success?

Bidding for those all-important contracts is a time consuming and often daunting process. Perhaps you want to bid, but feel you don't have the necessary skills or you are busy with other projects.

In an ever increasingly competitive world, would you like to ensure your bid stands out from the crowd?

If this sounds familiar, we are here to help.

Clarity Procurement offer a comprehensive bid management service for suppliers and contractors that compete for contracts. Having worked with hundreds of tendering organisations to implement their tendering procedures, we provide a unique insight into how these tendering organisations operate, from the initial advertising of the tender to how bids are evaluated and contracts are awarded.

We guide you through the complexities and challenges of submitting bids and by providing you with the evaluator's 'inside' view of the tender process, we give you a significant advantage in the preparation of your response.

Clarity Procurement offer a full range of bid management services including:

- · Training on the evaluator's approach to tendering
- · Training on bid writing and submission
- · Technical guidance and advice on public procurement regulations
- · Legal guidance and advice
- · Review of bid submission documents
- · Writing of bid submission documents

The services are tailored specifically according to your requirements and provided in-house or off-site.

because we had a "must created review that reflected

Managing Director Gas Installation Contractor

services; because they with them"
